are treated in the same way as such matters under the law codes which pertain to such matters under real property. The term "real estate" is often considered synonymous with real property. The term "real estate" refers to the land and fixtures attached to it and personal property which is considered to be "immovable property." The terms "real estate" and "real property" are often used interchangeably. The term "real estate" is often used to refer to a permanent nature such as structures, trees, and other fixtures. The term "real property" is often used to refer to a permanent nature such as structures, trees, and other fixtures. The term "real estate" is often used to refer to a permanent nature such as structures, trees, and other fixtures. The term "real property" is often used to refer to a permanent nature such as structures, trees, and other fixtures.

regulations and legal codes that are fixed in stone, and include things like zoning, building codes, and the like. However, in some situations, these regulations, including zoning, are used primarily to protect property rights, and the regulations are not intended to improve property. In fact, they are often used to prevent a person from doing anything that might improve the neighborhood.
